

ClaroLux®

LANDSCAPE LIGHTING

MR16 Specification Sheet

MR16 LEDs

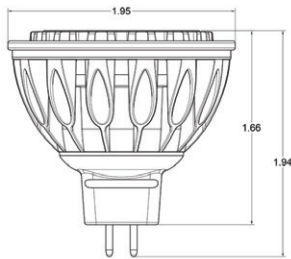

The ClaroLux® MR16 LED lamp has been meticulously designed to be the ideal option for professional grade, low-voltage MR16 fixtures. Built for a long lifespan in harsh outdoor applications, these LED's are thermally engineered to operate in enclosed fixtures – completely sealed, and fully potted. ClaroLux® offers MR16s in a range of color temperatures, and the widest selection of beam angle options in the market today: 15°, 30°, 45°, 60° and 120°.

FEATURES

- Durable dark silver pearl housing
- Dimmable with most magnetic transformers
- Thermally engineered to operate in enclosed fixtures
- Built for harsh outdoor applications
- Fully potted PC Board protects against moisture
- ETL compliant
