

SCHEDULE SET UP INSTRUCTIONS

Adding a Schedule to the Sector Selector

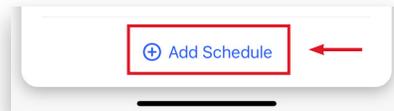

The Brilliance Smart App allows you to schedule times and days for each sector to turn on and off.

Schedule (ON) Set Up

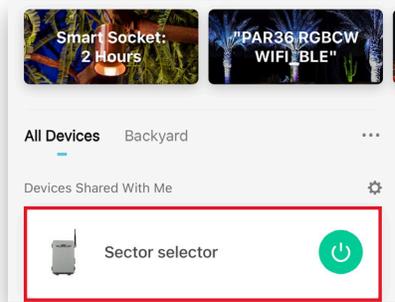

1. **Download Brilliance Smart** from the Apple App Store or Google Play by scanning the QR code. Register for an account if you are a first time user.

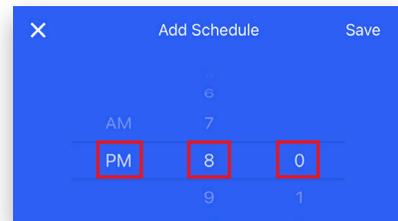

5. At the bottom of the screen, tap **Add Schedule**.

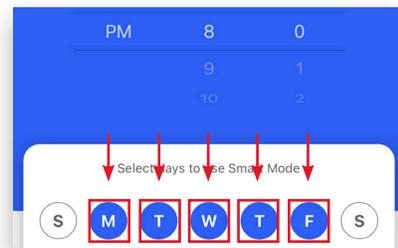

2. Open the Brilliance Smart app and select a Smart Socket 2.0 to schedule.

6. Scroll on the hour, minute, and am/pm columns to select **8:00 pm**.

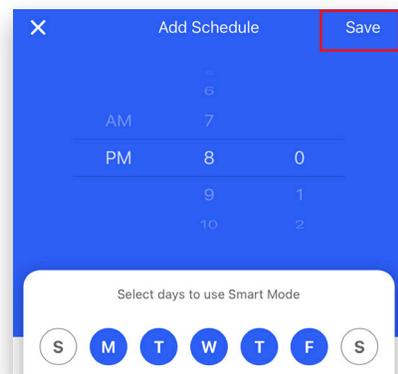

7. Tap the circles for Monday through Friday.

You can schedule individual Sectors to turn on/off on certain days and times.

Example: Setting the timer to turn on Sector 1 at 8:00 pm on weekdays.

8. Once the days are selected, tap **Save**.

3. In the bottom panel, tap **Timer**.

4. Select **Sector 1**.

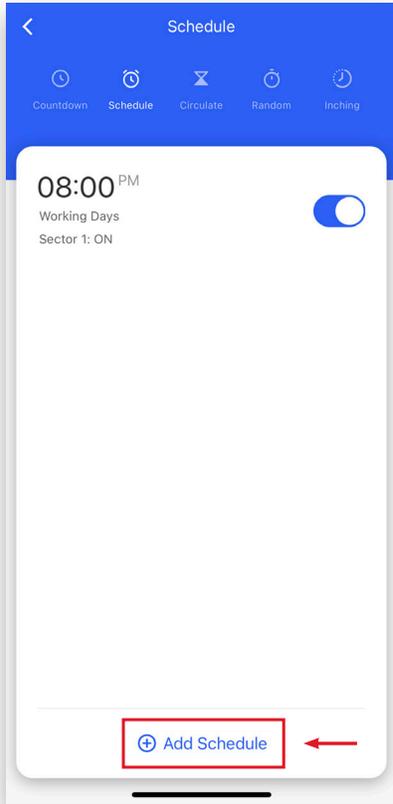

Schedule (OFF) Set Up

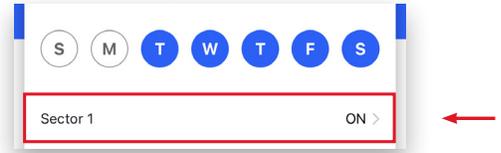

Example complete.

Example: Setting the timer to turn off Sector 1 at 5:00 am following each weekday.

9. At the bottom of the screen, tap **Add Schedule**.

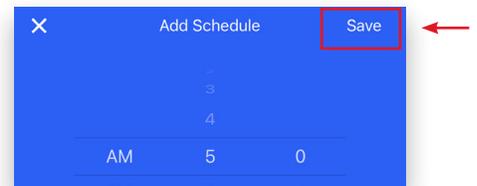

12. Once the days are selected, tap **Sector 1**.

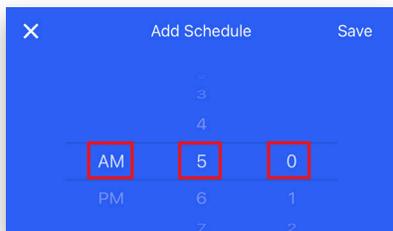

13. Tap **OFF**, and then tap **Confirm**.

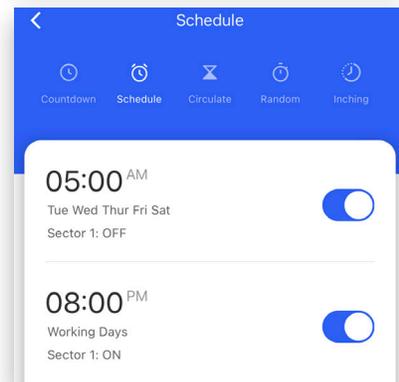

14. Tap **Save** to save the schedule. The scheduled actions are displayed on the Schedule screen.

10. Scroll on the hour, minute, and am/pm columns to select **5:00 am**.

11. Tap the day of the week following each weekday to turn the timer off.

Example complete.
